Stanley Park Brew Pub and Heron's Nests

Friday, May 27th at 12:30 p.m. - Bus Outing

The Blue herons are a species at risk in Canada and the Stanley Park colony is a vital part of the south coast population. One-third of great blue herons worldwide live around the Salish Sea. The Heron colony is located behind Park Board offices and near the Stanley Park Brewery. In 2020, 94 of the 104 nests were occupied by a heron family. We estimate that 80% or 83 nests successfully raised fledglings. Spring is the time to visit the nests and observe lots of action. Tapestry Arbutus Walk has adopted a nest and helps support the Stanley Park Heron Colony as an eco incentive project.
